Welcome to Vineyards Country Club

We hope you enjoy our courses and we appreciate your compliance with the following:

- Avoid Slow Play! Your proper position is directly behind the group in front, not in front of the group behind.
- When golf carts are parked by tees and greens, keep all four tires on the cart path.
- All Natural areas are played as Penalty Areas.
- Golf Course is irrigated with reclaimed water. DO NOT DRINK.

USGA RULES GOVERN ALL PLAY, EXCEPT WHERE MODIFIED BY THE FOLLOWING LOCAL RULES:

- IMMOVABLE OBSTRUCTION CLOSE TO PUTTING GREEN: Relief may be taken from an obstruction which is located within two club-lengths of the green and is in the line of play. The ball must be within two club-lengths of the obstruction.
- Natural Crushed Stone Paths are an integral part of the course - no relief.
- The Embedded Ball Rule is in effect anywhere through the green except in a penalty area.
- Wood and rock retaining walls are part of the penalty area (no relief; you may ground your club).
- Relief may be taken from staked and newly planted trees, except in the penalty areas.
- EXPOSED TREE ROOTS: If a player's ball is at rest in the General Area and there is interference from exposed tree roots, the tree roots are treated as "Abnormal Ground Condition." The player may take free relief under Rule 16.1b. Interference does not exist if the tree roots only interfere with the player's stance. There is no relief from an abnormal course condition when the abnormal course condition is out of bounds or in the penalty area. Rule 16.
- All cultivated flower beds are played as ground under repair "free relief."
